Oral expression skills	Good
<b>PROFESSIONAL SKILLS</b>	
Over the years of my professional activity, I have gained significant expertise and preparation in the areas of civil, corporate, and administrative law through qualifying and prestigious professional experiences.	

**PROFESSIONAL SKILLS**

[ Continue ]

In these sectors, my professional activity involves providing legal advice and assistance in extrajudicial matters, as well as in the inevitable contentious phase.

In civil law, my work encompasses the areas of obligations and contracts, inheritance law, e-commerce, and compensation for contractual and non-contractual damages.

Within corporate law, my legal assistance activity revolves around assignments related to major corporate transactions.

In the field of administrative law, my focus has been particularly on environmental law, specifically in the areas of water, waste management, and environmental damage.

My interest in this subject was reinforced by a second-level Master's Degree obtained from Roma Tre University, where I defended a thesis on product, by-product, waste, and end of waste: the new environmental challenges.

My professional background has been complemented by my original passion for the Internet and new technologies, which led to the founding of the Avvocato.it website in 1997.

In this context, my solid legal skills have been enhanced by studies and activities related to legal tech, artificial intelligence, data protection, blockchain, smart contracts, NFTs, and e-commerce.

I oversee and supervise the legal team of Avvocato.it as of counsel. Legal assistance is provided both to the platform itself and its users.

For Avvocato.it, I created and developed the Alfred code, an artificial intelligence responsible for drafting contracts through dialogue with the user.

**INTERPERSONAL SKILLS AND  
COMPETENCIES**

Gifted with excellent interpersonal skills, I demonstrate a strong ability to build positive relationships. I communicate clearly and effectively, listen to others, and work in teams to achieve common goals.

My outstanding ability to manage interpersonal relationships is supported by a proactive, empathetic approach and a positive predisposition towards collaboration.

**ORGANIZATIONAL SKILLS AND  
COMPETENCIES**

I demonstrate remarkable ability in planning, coordinating, and efficiently managing activities.

**ORGANIZATIONAL SKILLS AND  
COMPETENCIES**

[ Continue ]

My experience in international settings between 2006 and 2012, where I provided legal consultancy services in the field of international trade both for Italian companies and Chinese enterprises in China, underscores this proficiency.

During that period, I also provided of-counsel consultancy at Guanghe Law Firm in Shenzhen, Guangdong Province. Furthermore, I personally enriched my experience by organizing subsequent trade missions to promote several Italian companies in China.

Thanks to the acquired know-how, I participated as a delegate for Italy in the Jangsu Business Mission to Italy meeting between Italian and Chinese entrepreneurs held in Rome from November 4th to 8th, 2007.

These activities have demonstrated my ability to work in high-pressure environments while maintaining a high level of precision and attention to detail. I am results-oriented and capable of managing multiple responsibilities simultaneously, ensuring a smooth and well-structured workflow.

**TECHNICAL SKILLS AND  
COMPETENCIES**

Excellent knowledge of Windows and iOS operating systems, corporate communication and collaboration systems, and Microsoft Office suite.

Deep understanding and extensive experience in PHP, HTML, and CSS programming.

Expertise in WordPress and the most popular plugins applicable to this platform.

**ARTISTIC SKILLS AND COMPETENCIES**

I engage in freehand drawing and painting with acrylic colours on canvas and other types of supports.

**OTHER SKILLS AND COMPETENCIES**

Equipped with solid skills acquired throughout my professional journey, I have developed an analytical and problem-solving approach.

My education has enhanced my ability to process complex information, tackle intellectual challenges, and adopt critical thinking. I am capable of quickly grasping new concepts and applying them in different contexts.

**OTHER SKILLS AND COMPETENCIES**

[ Continue ]

Precision, project management skills, and attention to detail reflect my dedication to the profession.

I am a person with a keen sense of organization, observation, and analytical skills.

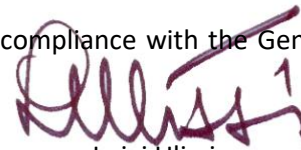

I combine teamwork with personal effort. I believe I possess excellent relational skills, honed through participation in associations such as the Rotary Club, where I have held various roles.

Notably, I served as the President of the Rotary Club Roma Colosseo in the social years 2008-2009 and 2023-2024, as well as a member of the Development Committee of the Effective Rotary District 2080 in the social year 2020-2021

**DRIVING LICENSE**

A and B

I authorize the processing and communication of my personal data in compliance with the General Data Protection Regulation EU No. 2016/679.

Luigi Ulissi
